Exemplify Integrity

We ensure integrity in all areas of operation and governance.

At a Children's Ministry Consultation in the late '90s, Ron Buckland, a pioneer of SU in Australia, led a group of SU people from every continent to commit themselves to SU's evangelism being Bible-based, Christ-centred, relational and filled with integrity - this meant that, "...*children have freedom of choice... We are committed to nurturing children who follow Jesus.*" Integrity - as a matter of the heart - its reflected not just in ministry aspects but extends to other areas of operation and governance. It is about being and becoming all that God wants us to be - in every way.
