

Scripture Union

God's Big Story transforming young lives

www.scriptureunion.global

Employ creative methods (Innovative)

We champion contemporary, creative, courageous and innovative methods in our ministry as we strive to connect with those we want to serve.

“Cracking game loved by the kids and with a great message. Players will learn something but also have lots of fun”, says a family that has been enjoying Guardians of Ancora. “Parkour and somersault your way through the incredible stories of the Bible. Collect rewards, take quizzes and build your character as you explore and complete the Quests!” Guardians is a digital gaming, award-winning app that has helped thousands of children be part of the Bible story in the UK and around the world.
